

EQE RESOURCES

Once booked on our EQE courses you will have access to our Moodle Forum (www.jddcourses.com).

This provides guidance on (and links to) EQE materials which are relevant to the paper(s) you are taking.

Included in the Moodle Forum are materials specially produced for our past and current courses, as well as links to relevant legislation and suggested reading materials.

The Forum also provides an opportunity for you to connect with fellow course members and raise questions with the tutors.
